

ANNOUNCING: THE SHARE THE HEALTH© PROGRAM

Have you ever wondered why certain people conquer a life-threatening illness while others succumb? I was diagnosed with cancer and felt the fear that such a diagnosis can breed. I spent the next 30 months interviewing long-term cancer survivors, many of whom were given an “incurable” diagnosis, and came to the conclusion that knowledge—useful knowledge—is what makes the difference. Knowledge and its application. The difference lies in what a person knows, and how he or she makes use of that knowledge. “As a general rule,” said Disraeli, “the most successful person in life is the person who has the best information.”

In my new book *Witness a Miracle (Your Own!)*, I explain the key life-altering strategies of long-term cancer survivors in plain and simple English, uncovering the essential elements of making recovery from a grim set of circumstances a reality. Now you and thousands of other can also benefit from the keen knowledge and helpful advice of those who were given a literal death sentence by the scientific community and yet defied all medical odds. The book contains specific details about how to deal practically, on a daily basis, with a chronic illness—your own or that of a family member.

NEW! Share The Health©

Witness a Miracle (Your Own!) is meant not only to be read, however, but to be passed on to anyone with an illness. The intent is to liberate wellness around the globe by introducing a new program called **Share The Health©**. Our non-profit organization, Quiet Miracles, will donate a modest number of books to initiate the world-wide back-to-wellness ripple effect. We are asking individuals and organizations to purchase or donate books for their members to read and set free so those with an illness may read *Witness a Miracle (Your Own!)*, draw inspiration from it, and then pass it on to someone else. You or a member of your organization can give it to a friend or leave it in any public place used by those with chronic illnesses: support groups, nursing home libraries, emergency rooms, hospital waiting rooms and cafeterias, health clubs, doctors' offices, spas, gyms, convalescent and rehabilitation centers, coffee shops, airports, patient waiting rooms, etc., anywhere it can attract those who most need it.

As the bible says, “My word shall not come back to me void, but shall accomplish that where unto it was sent.”

In order to track the wellness paths that these books follow, we have included two labels in an envelope in the back of each book. When readers have finished the book and wish to share it, all they need to do is attach the smaller label to the lower right corner of the book's *front cover*. The label says,

PLEASE TAKE THIS BOOK,

READ IT, AND

SHARE IT.

(See inside cover!)

We also ask readers to attach the larger label, which explains the **Share The Health**© back-to-wellness global project, and attach it to the book's inside front cover.

Interested readers might also wish to leave their name (or remain anonymous) and location inside the book after they have read it, and then visit the Quiet Miracles [Remarkable Recoveries Discussion Group](#) to explain how they found the book, where they left it, and how it has influenced their lives. Those who visit our website might also enjoy reading [Remarkable Recovery Stories](#) which we collect and publish as a source of inspiration, hope and knowledge. Read these survivors' fascinating stories and learn how to become a survivor yourself. Similarly, it is only logical that you pattern your back-to-wellness journey after that of cancer patients who, when faced with the same set of grim circumstances, have overcome extraordinary odds.

If you would like to publish any of these highly inspirational remarkable recovery stories in your organization's newsletter or website, they are yours for the asking. All we ask is you mention our

Share The Health© program and our website, www.endhealthworries.com.

To Purchase *Witness a Miracle (Your Own!)* now for \$15.95 [click here](#) or call 763-519-0592. You can also send your name, address and a check payable to Quiet Miracles at 4122 Black Oaks Lane North, Plymouth, MN 55446. Add \$2.95 per book for shipping, handling and the two labels that will allow you to participate in our **Share The Health**© program. MN residents please add 6.5%. As stated on the inside label, we also offer purchasers access to ongoing, one-on-one back to wellness advice at no charge, along with our free monthly newsletter, *"Just for the Health of It"*. We especially encourage you to read [Remarkable Recovery Stories](#), which we publish as a source for inspiration and hope.

Incidentally, only books purchased from our website www.endhealthworries.com have stickers enclosed so books can easily be set free. If you purchase a copy of *Witness a Miracle (Your Own!)* from another online source or from your local bookstore and would like additional stickers to be a part of the **Share The Health**© program, simply click here to order them. We will send you the two stickers for \$2.95 (tax-deductible), which includes shipping and handling. MN residents add 6.5% sales tax.

We are asking individuals, donators, organizations, foundations and others to be a part of our **Share The Health**© program by donating monies or purchasing books to be shared world-wide. If your members desire, we will include stickers that say, "Donated in memory of, in honor of a birth, birthday, confirmation, graduation, bar/bat mitzvah, marriage, anniversary, recovery, etc.

Right now, I'm asking you to actively support the **Share The Health**© program by purchasing a book, by donating, or by adding to the number of books released into the world. Your contribution could tilt the scales so one after another human life moves on to well-being and thankfulness. I am confident we can depend on you to purchase extra books, so they can start on their journey around the world. Your generosity can, and will, brighten and bring happiness into the lives of the sick and unfortunate long after we are all gone.

If you have any questions, please don't hesitate to contact me at 763-519-0592 or [email me](#) today. On behalf of those whose spirits you will keep alive, I say sincerely, "Thank you for doing your part, at just the right instant.

Gratefully,

Sid Levinsohn

P.S. It takes only *one person* to start a back-to-wellness ripple effect that can make a transformational difference in many lives. Quotes from Margaret Meade, Mahatma Ghandi and T.S. Eliot, capture our focused intent. Said Meade:

**"Never doubt that a small group of thoughtful, committed citizens can change the world.
Indeed, it's the only thing that ever has."**

Agreeing, Ghandi encouraged us to,

"Be the change you want to see in the world."

And, T.S. Eliot concurred when he wrote,

"Only those who will risk going too far can possibly find out how far one can go."

***Finally*, I am always available and delighted to highlight the messages of *Witness a Miracle (Your Own!)* in a radio, TV, magazine, newspaper interview, a one hour seminar or workshop presentation. These messages are a universal affirmation of life that will be a valuable addition to your next meeting. Over the past 12 years, these presentations have gained increasing popularity with both patients and professionals.**

Quiet Miracles is a non-profit corporation combining science, medicine, and spirituality as a new force in healing and in the ongoing fight against cancer and other chronic illnesses.
